A line designed for the private user who uses their pizza cooker occasionally and looks for a quality, lightweight and handy tool.

Pizza peel, head 32x30 cm aluminated and handle in ribbed untreated aluminium. Light model to make it practical for occasional use. The head/handle joint consists in the overlay of the two elements secured by three rivets in line that guarantee safety and no movement. The oval tubular handles ensure stability and prevent rotation. Suitable for those looking for a tool to handle standard pizzas (diameter 28-30 cm) both in small ovens (at home) and in deeper ovens.

Weight

0.45kg

Pizza peel with short handle, **ideal for home ovens.**

This pizza peel is made of aluminum: a sanitizable material, easy to clean, light and handy.

The handle measures 25 cm only: practical and easy to handle, thanks to its compact size it is ideal for optimizing domestic spaces.

It is made of anodized aluminum, assembled to the head by means of 2 very resistant in-line rivets, which make the peel stable and **extremely durable over time.**

The shape of the peel is ideal for cooking pizzas up to 33 cm in diameter and the size is designed to be used in traditional electric ovens, gas ovens and domestic wood ovens.

Material and technical info

Material: Anodized aluminum head and handle

Size: 30 x 25 cm / 33 x 25 cm

Maximum dimensions: 55 x 30 cm

Weight: 305g / 495g

Cleaning and maintenance

It is advisable to wash the product by hand with non-aggressive detergents.

Do not wash in the dishwasher.

Tripizza Kit With Wall-Mounted Peel Rack

Neutral anodised head and black anodised handle. Specific folds and ribs guarantee ideal capacity. The reduced thickness of the head does not require any particular milling and allows the correct gripping of the pizza. The light aluminium handle, is ribbed for greater strength. The oval tubular favours stability and prevents rotation. The head/handle joint is secured by three rivets to guarantee lasting immovability.
